PERMANENT CLIP

The blue clips are reusable. They do not degrade and can be reused from one year to the next. They are designed for winegrowers who want to retrieve their clips from their plots.

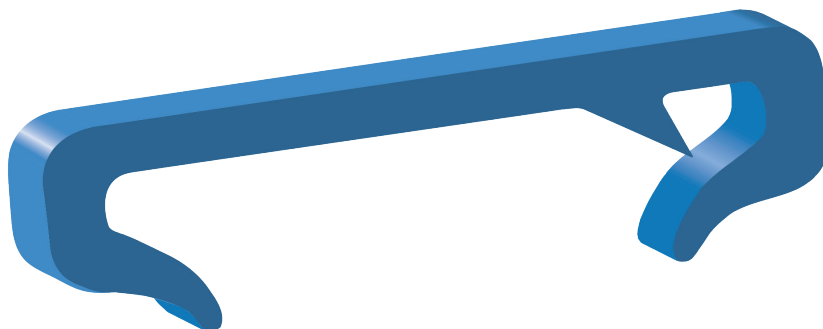

The blue colour makes them easy to spot in the vineyard, and they are made from food-grade materials and free from heavy metals so as not to harm the juice during the pressing cycle.

Ergonomic and lightweight, they won't get tangled up in your pocket and are hand-safe.

This model is a permanent clip. One of its two sides remains attached to the wire outside the lifting season. When lifting, you only need to position the second wire to hold the vegetation.

Strengths :

- Permanent
- Easy to find
- Food-grade material
- Ergonomic
- Wide Spacing

Distance between wires : 40 mm

Wire entry : 27 mm
Ø Max wire diameter : 4 mm

Clip Real size

Thickness : 3,5 mm
Length : 49 mm
Height : 15 mm

**Average measured resistance
of a new clip : 11 Kg**

Packaging

- 1 500 pieces bucket
240 buckets / pallet
- 6 000 pieces box
80 boxes / pallet

Clip placement recommendations

- One clip between each plant.
- No clip between the post and the plant.
